Project Name	SecureShe

Test Cases

Deliverable	Description of Test Cases	Performed by
Location broadcasting	Does it properly display location on the map? Does it stay true to GPS? Does it stay active for extended periods of time? How does it respond if GPS is disabled externally from the app?	Kristina
Map, location reporting	Can the map be viewed interactively? Are locations/pins able to be placed with notes/reports? Do they collectively show/gather data when multiple reports are received? Are older reports discarded after an acceptable time period has elapsed?	Kawthar
Friends list	Can friends be searched for/added properly? Can friends be removed easily? Is data on a user hidden to non-friends? Is location broadcasting shared properly with friends, and only friends?	Charles
Chat	Can messages be received by friends, and only friends? Is message history viewable?	Kristina, Charles
Chat filter/reporting	Can messages be properly reported? Are certain words/phrases filtered/auto-reported properly? Are repeat offenders suspended successfully?	Kawthar
